

EUROPEAN INSTRUMENTS ISO:8655

We have some exciting news to announce. European Instruments Limited are now able to provide all of its UKAS Pipette Calibration levels to meet the requirements of ISO 8655.

We are the **First** company in the UK to be able to provide this service.

Following transition to the 2022 version of ISO 8655, our UKAS calibrations meet the requirements of ISO 8655-1:2022, ISO 8655-2:2022, ISO 8655-6:2022 & ISO 8655-7, where appropriate to your requirements, for all our 5.2, 5.3 & 10.3 service levels.

Further information can be found on our UKAS Schedule of Accreditation (<https://www.ukas.com/download-schedule/0438/Calibration/>) and our Pipette Application Form (https://ei.uk/wp-content/uploads/ei/website/documents/Pipette_Calibration_Application_Form.pdf) or by contacting us using the details below.
